Home - Advanced Security Technologies

Planet Technologies envisions widespread application for Advanced Security Management in any organization that runs a Security Operations Center (SOC), with full-time security positions often staffed 24/7 to respond to any threats that develop.

Office 365 Advanced Security and Compliance Solutions Case

including new technologies, but technology can be a part of the solution as well, helping to ensure that these trends do not undermine U.S. and international stability. Indeed, a number of achievements with roots in DARPA research are opening new avenues for counterbalancing these trends and advancing U.S. national security in the years ahead.
